

Sport facility management can be very challenging because you are mostly dealing with volunteer organizations who they themselves are disorganized. So, it's imperative that you make things as easy as possible on them...and yourself!

Facility Booking Management

Bookings are a nightmare and contracts are too. Forget the double bookings, forget the spreadsheets, forget the worry of calculating return on investment.

SportzSoft Facility is a simple to use and effective solution to track all facility bookings and contracts. Our web-based system allows everyone to work off a central database for consistency, efficiency and effectiveness!

Spend your time managing your facility and less time on paperwork!

Set-up your facility in a snap

Everyone's facility is different, with different programs, spaces and times. With SportzSoft Facility you can easily setup everything – and we help you do it!

Take Online Bookings

Setup time blocks and fees for any facility and offer an online booking service to your customers.

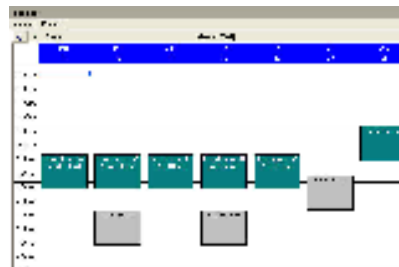

This is ideal for squash and tennis courts. Special 'program memberships' can be setup so you have your members up and running in now time. Setup online booking parameters such as maximum number of courts to book per day and/or week.

Add activities

Assign activity rates -you can even charge different fees for different activities in the same time block!

View the Calendar

Bookings are colour-coded by booking status (approved, pending etc...). Launch any booking directly from the calendar and see everything instantly.

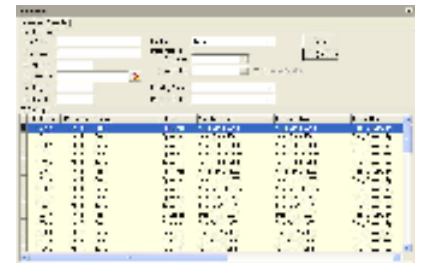

Add Contracts

Stop entering bookings every time or one at a time – create booking contracts and add bookings directly to it. Bookings for several facilities can be done on a single contract!

Know where the money is and isn't

Payments and billings are tracked. Transactions histories are easy to see. Analyze bookings by customer, organization, date, facility, contract, status and payment status or any other combination you can dream of.

You will actually have the time to analyze and, maybe, even to dream!

Key Features:

Facility Management:

- Facilities can have separate hours of operation, holidays and default time blocks
- Set different fees for the same facility by activity
- Multiple rates for prime or regular time
- Create special 'internal' activities (with no fee) to block off certain times for internal use

Facility Bookings Management:

- Offer online bookings for your members (targeted at tennis and squash court bookings)
- Enter recurring bookings for multiple facilities
- Calendar displays facility use
- Enter recurring bookings quickly and easily for the same organization
- Advanced reporting system allows for generation of customized reports by one or more of the following:
 - Organization
 - Customer
 - Facility
 - Dates booked
 - Booking status
 - Payment status
 - Contract #
 - Booking

Billing and Payment Management:

- All booking contracts have a detailed payment schedule where payment details are kept
- Payments can be recorded as a single payment, calculated on a monthly basis or a customized payment schedule set
- Payments can be entered as different payment types (cash, cheque, credit card, debit)
- Keep track of NSF cheques and payment status
- Enter direct or percentage based discounts and it is automatically calculated
- Quickly and easily exempt booking contracts of taxes with a click of the button
- Additional items can be added to contracts (both taxable and non-taxable) for such things as equipment rental or any other extra charges

Booking Contracts:

- Create booking contracts for each customer
- Create and track payment schedules for bookings
- All bookings appear on the booking contract
- Fully customizable text for booking contracts; insert your existing contract wording
- Prints out with organization logo
